JUDICIAL ELECTION,
Tuesday, April 8.
For Associate Justice of the Supreme Court,
ORSAMUS COLE.

☞ *For news by Telegraph see Third page*

THE LIQUOR LAW.—An important amendment was adopted on Saturday, excepting beer wine and cider of Wisconsin manufacture sold in quantities not less than eight gallons, from the operation of the Prohibitory Liquor Law. The amendment was put in by the friends of the trade and is so bought that the Assembly will not

MR. MEDILL TO SPAIN.—The Fond du Lac *Commonwealth* asserts that AUGUSTUS CAESAR DODGE'S appointment as Minister to Spain "meets with almost the universal approbation of the Democracy throughout the country," and charges "the sneers and jokes of the Milwaukee *Sentinel* & *Free Democrat* and other papers of that ilk" to "either ignorance or malevolence." It is a sufficient reply to this silly falsehood that the Madison *Democrat*, Oshkosh *Courier* and other "democratic" papers in this State have in particular strips as the *Union* has, and have in quite as many "sneers and jokes" at the appointment as the *Sentinel* has. The *Union* of course, knew this perfectly well; it would have spoilt its paragraph had it told the truth.

THE NEW CENSUS PLATE.—The Washington correspondents of the New York papers were wrong, at some of their statement, that the President had passed and thus defeated, the bill for the admission of the St Clair Flats and the Sault Ste Marie into Lake Michigan. This bill is included in the list of bills passed at the late session as published in the N Y *Times* and *Commercial* and the *Express* asserts positively, that it has received the President's signature. The North Wes therefore receives the amount of $15,000 for the St Clair Flats out of the Sixty-five Millions appropriated by the last Congress.

The Documentary History.

The Madison *Patriot*, a democratic paper, calls attention to the extraordinary feature of the Documentary History now in course of publication by the Secretary of State which we adverted on Saturday and after several days refusing the mutilation of the work in question, we find the matter to be thus called "History" proceeds to mark

"And such a work as this to be placed in the school and family libraries of this State! Shall it be compiled with a view to impartial information of public men and measures? It is time to *belong* where it is to be. If it is to be compiled with a view to the exhibition of the character of at least one of the parties, how fully every one is stated?"

We are free to say that, if our judgment not otherwise called in question, volume of this work or any other is *declaimed* by the State that it will attract the attention of such documents should be forever suspended. The *complained* publication of these *garbled* historical records has already involved the State to an amount of between $15,000 and $20,000, and we have found a way, to discover any benefit at all commensurate with this large outlay. We hope that the Legislature will wind up the business without the parley.

NEWS BY THE ARCTIC.—A Mrs Brown was detected in stealing a piece of ribbon at Lord & Taylor's when her house was searched and a large quantities of dry goods and jewelry were found. The latter included a watch 6 diamond pins 6 gold watches and chains locket breast pins, 6 watches, rings gold pencils, card cases &c. The dry goods consisted of almost every saleable article—the finest laces, under garments, under handkerchiefs of Honiton, Brussels point applique and other styles, silk velvet, satins, gloves furs, fine combs, cambric &c., &c., all valued at over $2 000. The woman and her husband are in jail. So says the *Republic*.

☞ The *News* falsely accuses the *Sentinel* of "manufacturing the light or color of this city," and professes to be assured that our associate at Madison who misapprehended or wilfully misstated" the remark made by one of these dealers at Madison. Mr Watson is not apt to do the one and very certain not to do the other. The *News* adds very authority" doubtless, that if the *Sentinel* is disposed to make the Liquor Law "political stock" the Free Trade Association will not object. The *Sentinel* has never proposed but always deprecated such a test. If, however, the association insist upon the issue, we have only to say borrowing the classic language of the Mayor "I dare go."

"INFLUENCE OF A HEALTHY PUBLIC SENTIMENT"—The Watertown which in obedience to orders from Madison took ground at first against the passage of the resolution proposed by the Joint Committee of the Senate and Assembly, has been compelled by the force of public opinion to change front on the question and come out square on Saturday, in favor of the plan. The manufacturers of Watertown—if Insts.

FATAL ACCIDENT.—Three men, named Robert Ramsay, John Cameron and Jeremiah Cottam were smothered to death in the flouring mill of Wm Bowes in Seymour (West Canada,) a few days ago. They went at work on the lower floor, when the floor above gave way, letting down about 3,000 bushels of grain. A horrid death indeed.

☞ Cattle are dying in many parts of Ohio, for want of food. The Cleveland *Herald* says the demand is for fodder is greater than it has been for two winters, and everywhere the loss of cattle is considerable.

MR. SEWARD'S SPEECH.—It is mildly spoken of by the Democratic but they should be better acquainted with the eminent patriot of Mr Seward and before they publicly mingled the names of pleasure and party with the honored and patriotic name. The Senator will not flinch such a speech and his effect upon the country must be very great. We have the best of our subject, portrayed in the manner and the spirit, the moral importance and the practical cruelty of the proposed law but if the wider work be done all editors have left is merely and are content to the trenches! Let us pledge ourselves to face this commanding undertaking of the great principles of constitutional freedom render it a most important contribution to the cause of sound politics. Mr Seward has made every one of the distinguished state of the controversy his debtor by his able defense of State rights while every friend of freedom will thank him for this timely aid in civil and religious liberty.—[Boston Courier.

THE MAYOR'S VETO.—Mayor Thompson's veto of the Bell ordinance was read at the evening session of the Board on Thursday after a somewhat lengthy session. Mr Adams who was one of the committee of the whole on the subject, ably. The bill had been two to the Board in the committee was the motion by Mr Wells to strike out the enacting clause and leave the evil unbridled as it exists and leave the evil unbridled as it exists to be disposed of by the courts. The latter was suggested by the wording of the bill.—*Western Journal*

HORACE GREELEY COMING.

Horace Greeley writes that he will be here next Friday evening the 16th inst and will lecture before the institute on the events in His subject is *Education as it Is and Should Be*. There is no man who will call out a larger audience in the west than Horace. He is a Tribune of the people.—[Illinois Journal

THE RIVER CLEAR.—During Monday the ice all broke up and moved out in the river, leaving it perfectly clear yesterday morning. On Monday morning persons were crossing on the ice.—*Detroit Adv* 7th

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL

Madison March 9, 185

Among the bills which passed the Senate to-day of two since, was one, introduced by Mr Clement which will doubtless pass the Assembly, and deserves more than a passing notice. It provides that any married woman, who her husband has deserted her, or who through habitual drunkenness or profligacy, does not support his family may take and hold her own earnings and those of her minor children beyond his control and may use them for those purposes of the family and bind out the children without his consent. It is a righteous bill and if passed will prevent many cases of hardship where the wretched husband and father, beside himself with liquor, takes the hard earnings of his wife and children to the dram shop leaving them to starve.

In Senate this morning Mr Clement double-lessoned by the unusual appearance of a dozen very persons about the doors of the Treasury, offered a resolution calling upon the State Treasurer to report the amount of money received, and to whom paid out of the General Fund since July 1st. The truth seems to be that the Treasury is in a very bad way. It is said that the State Prison Commissioner has only been able to get some $2,000 of his appropriation of $12 000 on three bonds. And there are bills and bills of bills yet pending, some which have passed the House on the other, and more still to come. Yesterday the Senate passed one for $13 000, and to-day another for $15 000

Bills introduced

By Mr McGarry to repeal the act abolishing the death penalty

By Mr McGarry to annex the east twelve sections of Watertown to Milwaukee. (It is understood to be a bill providing to organize the east of our county into a new county. That bill will only be pressed by those who desire to annex Watertown to Milwaukee and Granville, however I suspect.)

By Mr Levy, changing boundaries of Howard and Lawrence

By Mr Levy, charter of East and Box River R R Co,

By Mr Iverson, two appropriation bills

By Mr Levy for a state road

After the passage of four bills, the special order, the Temperance Bill was taken up, and debated to late an hour, on motions to amend by excepting beer, native wine and cider. Some how it gave great amusement to the early Temperance members, to see those Senators, who intend to vote against the bill anyhow very strenuously against this exception. This is a curious world!

In Assembly—10 A M

Petitions

By Mr Judson for amendment to charter of Oshkosh & Beloit R R Co

By Mr Judson to authorize persons to drain a tract of land

By Mr Welch of 10 Oneida Chiefs, for a prohibitory liquor law, so that they may be protected in the sale of the same.

By Mr Bonnell for a church property

By Mr Melinda to remove some citizens of certain towns in Portage Co

Resolutions

By Mr Hull, authorizing the committee on the Lox River Improvement to sit during the recess to examine its affairs, providing that no more than $6 days *per diem* and necessary mileage be expended. Mr Phillips the move to lay on the table. Mr Hull hoped that this motion would not be agreed to as he was ready to discuss the resolution now. Mr Smith said that he did not wish such a resolution to pass, involving the great expense to the state. Mr Varney said that he hoped Mr Smith would withdraw his motion to lay. Citizens of the Improvement should be on examination, and the same interested in it were desirous that it should be done

The resolution lies over, as cheering debate

The Joint Resolution from the Senate, to go into Joint Convention on the 13th to elect Regents of the University was concurred in

Bills introduced

By Mr Rogers authorizing Watertown to aid the R R V U R R

By Mr Logan charter of Watertown Mutual Society

By Mr Colony authorizing special tax in school district No 2 Beloit

By Mr Upham to appropriate much of chapter 96 laws of '54 except to Columbia Co

By Mr Cross changing names of C A and M D Kirby to Barchard

By Mr Cross amending the act authorizing certain towns to aid Milwaukee and Fond du Lac Plank Road

By Mr Judson, charter of West Side Telegraph Company

By Mr Carey legalizing the study of anatomical and surgical science.

By Mr Stevens amending an act passed this winter, relative to County Courts

By Mr Phillips to authorize the Governor to call in Outagamie Co

By Mr Colby amending law of '54 concerning time of electing Judges.

By What gives notice of bills to increase the salary of Supreme Court Judges, and to increase the number to five

Mr Cross made an ineffectual attempt to get a quorum to vote in favor of suspending the rules to pass a bill making Sunday provisions relative to tax titles in Milwaukee. (This bill makes certain tax titles issued before 1853 assignable by deed very much endorsement by the City Treasurer, if the property has been bid in, or by the person who purchased.)

The Assembly had a long session in Committee of the Whole on the general bills—and the general file was a pile of bills just now, the special or cities considered this week having cause a large accumulation of bills. Twenty two were disposed of of which seventeen were ordered engrossed and referred one (to pay R Carrington, Waupun for crockery,) killed and two passed—the rule having suspended on motion of Mr Goodell, for the purpose. These two are quite important in their character. One of them makes the Chief Clerk responsible for the safe keeping of all bills resolutions &c in the Legislature, and provides severe penalties against the abstracting or mutilation of the same. The other is a bill carefully drawn to meet cases of too frequent occurrence of late years.

The other bill is also drawn with great particularity and provides severe penalties against the abstracting of illegal fees by any of the State officers or their clerks and against making false returns in the books of the land office and against the giving of false information by such officers to the applicants.

At this time, the Assembly adjourned to 9 o'clock to-morrow. W H W

Milwaukee & Mississippi R. R.

MONROE GREEN CO., WIS.,
March 5th 1854

The stockholders of the Milwaukee and Mississippi Railroad Company, resident in Green County, and Stephenson Co., Ill., met in the Court House in the town of Monroe, pursuant to the call of their committee, and according to previous notice.

David C Badger was chosen Chairman of the meeting and H B Poyer appointed Secretary

The Chairman called the meeting to order and stated the object of the gathering, which was in substance to hear the report of their committee appointed to meet the directors of said Railroad Company, at their annual meeting in Milwaukee and generally to look after their interests as stockholders in said company

The committee by their chairman, B Dunwiddie made the following report

From the length of the report we omit it—[Ed.]

The report was accepted and the committee discharged

At this stage of proceeding, the committee appointed by the Board of Directors of the M & M R R Co were announced by the chairman, and Messrs Finch, Holton B Smallwood and Lockwood appeared as said Directors and committee and responded to the questions proposed by the committee of subscribers

On motion of Mr Hume, a vote of thanks was unanimously given to the committee from Milwaukee for the frank and cordial manner in which they have responded to the call of the stockholders, and to said Board of Directors for the faithful manner they have executed the trusts committed to them by said stockholders in the care of their Bonds and Mortgages

The committee, by Mr. Finch responded in a few appropriate remarks to the vote passed by the meeting

The committee from Milwaukee then withdrew

Mr Hume then offered the following resolution

Resolved That we have entire confidence in the ability and integrity of the M & M R R Co to faithfully apply, manage, and dispose of the trust confided to them

The following resolutions were unanimously adopted on motion of Judge Bingham

Resolved, That the nomination of John H Bridge B Dunwiddie and David C Badger's connection and that of a less number than those to be appointed Directors, by the Board that they be appointed in the foregoing order

On motion, the Secretary was instructed to forward a copy of proceedings to the Board of Directors of the M & M R R Co, signed by the chairman and secretary

On motion adjourned.

The Judicial Election.

From the Western Freeman

The position assumed that the people have no right to inquire into the opinions of candidates for judges is a blunt denial of the sovereignty of the people and a covert attempt to inculcate the very essence of anti-republicanism. The people are responsible for decisions of their Supreme Court as they are for the acts of their Governor. Either directly or indirectly all the people are the source of power in the government and they are responsible for all decisions that come from it or Courts. The man who says each individual voter is not one of the Supreme Judges of the nation has either no conception of the true dignity of an American Citizen or he wilfully attempts his degradation

We enjure every citizen of Wisconsin to give an hour at the polls, by voting for Orsamus Cole, that the love of liberty in the heart, is a vital principle never to be betrayed or sacrificed on the altar of a party which is now the chief supporter of human bondage on the nation. Judge Cole when in Congress, resisted the passage of the infamous Gag Bill and now as Judge would be found to resist it when any of our citizens were imprisoned for feeding the hungry and clothing the naked. We want to see him elected, not by the slim of a vote but by a rousing sweeping majority, that shall teach Bunkers that their cause is constantly sinking in the estimation of the good

From the Kenosha Telegraph

No one denies or dispute the perfect right of Judge Crawford to believe the fugitive slave law constitutional and all will admire the manly independence with which he avows his sentiments But the voters have the same right to opinions that Judge Crawford has, and the virtues of honesty, independence and frankness in the expression of such opinions are as commendable in the voters as in the Judge. There is no proscription about it. The elective franchise has no other purpose than to enable the voter to vote his principles and seek their incorporation into the government and the voter who fails to do this becomes a tool and prostitutes himself. If a majority of the people of this state side with Judge Smith in the recent action of the Supreme Court on the fugitive law and with to see that decision become the settled policy of the state the very highest considerations of duty demand that they should vote in such a manner as to indicate and give effect to that sentiment, which can be done only by voting for Cole And if on the other hand a majority side with Crawford, let them say so at the polls—it is both their right and duty We wish people to vote their sentiments for if one thing we may rest assured that if Crawford is elected he will be claimed as an endorsement of his position on the fugitive law by the people."

From the Columbus Journal

The office of Supreme Justice is one of great responsibility The Supreme Court has the interests of the citizens of this state in their hands, and we want men to fill that important station, who have the ability and firmness to protect one and all of us in our right, without respect to persons against tyranny and oppression from whatsoever source it may come A great majority of the people of this State are opposed to the Fugitive Slave Act, and believe it conflicts with our rights as citizens of a sovereign state and is therefore unconstitutional It has been pronounced *so by some of our Judges*, and other persons equally as well versed in such matters as Judge Miller in any other servile tool of the national administration and the southern slave holders

We have hear I the name of Hon O Cole mentioned as a suitable candidate for said important office, and we believe he is as fit a man for it as station as any man in the State He has one gift of the "*backbone*" to stand up for our rights, if we should be pushed Unit ed States District Judge with a packed jury undertake to convict and punish persons for doing that which they have a right to do and which humanity requires of them

[Since the above has been put in type, we learn that Mr Cole has consented to become a candidate and is now fairly before the people, to whom we call on onward all "*freemen to the rescue.*"

A MONSTER STICK OF TIMBER.—The largest stock of oak timber we have ever heard of and probably the largest ever cut in the North American Continent, was manufactured by Messrs Fowler & Kelsey, of Wallingford, C W opposite St Clair, the present winter It is a white oak *fifty one feet eleven inches* in length and *squaring fifty six feet forty inches* making nearly *a hundred cubic feet* It is now lying on the banks of Sydenham river in Canada. This is emphatically a "big stick" and we doubt whether it can be beat either in Canada or the United States. If it can we should be glad to know by whom.—*Detroit Tribune*,

DETROIT AS SHE IS.—A recent census taken of the flourishing city of Detroit shows for it 5,62 families, 28,146 inhabitants, 234 groceries 166 offices, 21 churches, 59 taverns, 24 breweries 11 machine shops 6 iron foundries, 4 steam boiler manufactories 7 brass foundries, 1 locomotive manufactory 11 furniture, door blind and sash steam manufactories, 7 steam saw mills 1 steam flour mill 4 starch and spice mill 1 steam cooper mill, 6 tobacco manufactories 9 printing offices, 10 tanneries and 1 morocco factories 1 glue factory, 1 burr millstone factory 4 soda and 1 small beer factories 13 emporium textile factories and 2 ice offices, 2 railroad depots 11 livery and omnibus stables 17 breweries, 21 bakeries, 1 gas works 1 wharf 1 wells, 2 dye houses 8 public halls 27 churches, 5 banks, 6 stone and marble works, 32 forwarding houses 2 theatres 1 jail, 2 orphans' houses 1 hospital, 26 public schools, 9 engine houses, 24 market stalls 2 steam elevators, 120 building houses, 19 stationary steam engines.

With a property valuation assessed at some $15 000 000, and a population of some 40 000, Detroit may well claim rank among the thriving cities of the country

THE LIQUOR LAW.—The measure is now engrossing the attention of the Honorable, the Senate. In another column may be found the debate upon the question. It will probably pass that body but most likely with a clause exempting, to some extent, native wines beer and cider.—*Madison Journal*

SUNDAY SERVICES IN A LAGER BIER SALOON.—Two Sundays—Officers Newmann and Freudenburg out on an exploring expedition Sunday evening dropped in at the saloon No 142 Chatham-st. They found a congregation of beer-drinkers assembled to listen to a beer-selling parson, arrayed in clericals. The profanity of the proceedings alone saved them from being ridiculous. The speaker took occasion to threaten Mayor Ward with all sorts of anathemas, and continued his exercises to great length—interspersing them with numerous mugs of beer. The saloon and others like it, will be suppressed.—*N Y Tribune*

CITY MATTERS.

Destructive Fire—Suspected Incendiarism.

Shortly before 3 o'clock Saturday morning, a fire was discovered in the frame building on the north-west corner of Mason and Main Streets, First Ward, occupied on the lower floor by Mr. Sumner, as a Looking Glass and Picture frame Store and above by McNeil & Grant, Painters and Glaziers. When first discovered, the flames were breaking out from the corner of the building and had help and water been at hand, might have been easily extinguished but in default of these the fire spread rapidly west and north, extending to Emmet's well-known Confectionery on Mason Street and to the shed of the Sack Company and the handsome brick house of the Hose and Hook and Ladder Company, on Main Street which were all pretty much destroyed. The alarm was very imperfectly rounded, and as a consequence the Fire Department were long in getting upon the ground. Engines Nos 1 and 2 however, were on hand, in ample season to have confined the fire to the building in which it originated, had there been *hydrants at the corners, or a supply* of water easily accessible But there was no water nearer than the river and precious time was unavoidably lost in forming lines to get a supply from that source

The *News* Printing Office, a large brick building on Mason Street, immediately adjoining Emmet's, was for some time in imminent danger, but was finally saved by the efforts of the firemen and of the men connected with the establishment. On Main Street, too, the residence of Mrs Holliday had a narrow escape, the roof being repeatedly covered with the flying embers and smoking from the heat of the burning buildings The exertions of a few friends and an occasional dash from Number One's pipe, saved it from taking fire

The buildings destroyed losses and insurance, as far as we could learn them, were as follows Emery's Confectionery, frame building owned and occupied by him, totally destroyed furniture, &c., mostly saved Insured for $550, loss probably $750 Schuntor's, Dyer and Scourer frame building, owned by P Martineau, no insurance —loss—— Frame building on the corner, owned by McKay, and occupied by McNeil and Grant Sumner and others Building insured for $600

Sack Company's house, a frame building owned by the City no insurance Brick House occupied by Hook and Ladder Co No 1 and Supply Hose Co.—was in only standing, in terior destroyed owned by the City no insurance The total loss is not far from $5000 The fire is supposed to have been set by design

This fire, like *many* others which have occurred in our city within the last two years demonstrates the increasing necessity of a system of Water Works. At least four-fifths of the property destroyed might have been saved had there been hydrants, or even cisterns, at either corner of Mason and Main Streets, for No. 1 and No. 2 to have drawn water from, when they first came upon the ground. A single stream thrown then would have checked the flames in a few minutes and confined their ravages with in narrow bounds But as no water was to be had, except from the river, before that could be made available, the fire was in full blast and for an hour or more threatened extensive mischief. The same thing, almost, happens and will continue to happen at every fire occurring in our city To best *organized and best equipped Fire Depts* (men) that can be found in comparatively poorless with out an abundant supply, of water at all times ace bub o and close at hand A Hydrant a every other corner on our principal streets would furnish such a supply, and without this, some hundred provision, our City will be constantly exposed to frequent and destructive conflagrations.

INCENDIARISM.—Besides the fire on Mason Street, Saturday morning, there were at least two other incendiary attempts, both in the wooden block on Michigan and Main streets. They were discovered and the intended mischief prevented by the private Watchman on duty there. He says that he saw the man who made the attempt, but he was too far off to be identified, and ran away as the watchman approached

ARREST OF A HARD CHARACTER.—Slick John, *alias* John Spencer, was arrested on Saturday about noon, by Under Sheriff Beck in the town of Wauwatosa on a capias issued on an indictment found against him at this term of the Circuit Court, for keeping a house of ill fame. As soon as the officer stated his business, Slicky took down a gun from the mantel piece and threatened to shoot the officer. A fuss took place the officer getting the advantage On getting to the buggy a fight took place in which Beck received a heavy blow in the face, he succeeded in hand-cuffing his prisoner and bringing him into town where he is now in jail. Although the officer was well armed he refrained from using his weapons, from the fact that his prisoner had boasted that "no one man could take him alive"

BOARD OF TRADE.—An adjourned meeting of the Board of Trade was held at their rooms Saturday afternoon, when it was decided to increase the Board of arbitrators to seven and the Board of Directors to fifteen The following gentlemen were then chosen to fill the additional places

Board of Arbitrators—L. H Kellogg, W B. Alvord, W J Whaling, Henry Fess Jr.

Board of Directors—N Webster J Plankinton, L L Lee, J G Imbusch, W B Merbury, E P Allis, A. Whittemore, B Kilbourn, E H Brodhead, Chas. Bradley

Prof. Spencer's Last Lecture.

PROF SPENCER, who has been lecturing at Young's Hall for some time past will give his last Lecture to-night The Professor aims to show up the follies of "Spiritualism," and his lectures going for this purpose have been largely attended In his Lecture to-night he promises some startling disclosures and we advise all interested to go and hear him. The Hall is well lighted and the *strictest order* will be preserved

ADMITTED TO THE BAR.—On Saturday, in the Circuit Court, Judge HOBBEL presiding, on motion of J H BROWNSON, Esq W I BROWNSON, Esq., of Boston, was admitted to practice in the Bar as an Attorney and Counsellor at law

Messrs J. H Brownson and sons of Detroit, practice A Brownson, of Boston, and have recently *come among us, to practice* the profession of the Law Their office is in Ludington's block next door to the *Sentinel* Counting Room.

CIRCUIT COURT.—The Circuit Court was occupied on Saturday in the trial of Bingham and others indicted for breaking open the County Jail at the time of the "Glover Rescue" The trial is likely to last a day or two longer.

COMMON COUNCIL.—The old Board of Common Council meet *this* evening to wind up their business and set their house in order, and the new Board enter into possession to-morrow

PROMPT.—Mr Emery who was unfortunately burnt out on Saturday had a insurance of $250 in the Milwaukee Mutual Insurance Company, and has amount was promptly and considerately paid to him within a few hours after the fire

STEAMBOAT EXPECTED.—If the weather permits we learn that Capt CLEMENT will start out one of the boats of his line from Chicago, at out Wednesday next There is no ice in the Lake to obstruct navigation, tho' the river is closed.

THE RIVER.—The river remains covered with thick ice, as far down as the dock of the Milwaukee steamers. From that point it is clear, and the Lake House Ferry Boat was running, yesterday, greatly to the convenience of pedestrians The smaller crafts which have entered near the mouth of the harbor, are getting excited at the clear water and a clearance or two will come off soon. The schooner Union left for Racine yesterday.—[Chicago Democrat.

OPENING OF NAVIGATION.—The Steamer Forrister, undergoing extensive and thorough repairs, resumes her accustomed trips to Niagara and Lewis on this morning, leaving the Grand River Wharf at half past 8 o'clock. The effect of the passage of the Redpoint Bill was evident from the large quantities of flour with which she was freighted, destined for the use of our neighbors on the other side of the Lake.—*Toronto Leader*, 9th

"Too Late I Stayed."

Too late I stayed—forgive the crime
Unheeded flew the hours;
How noiseless falls the foot of Time
That only treads on flowers
What eye with clear account remarks
The ebbing of the glass,
When all its sands are diamond sparks
That dazzle as they pass

Oh! who to sober measurement
Time's happy swiftness brings,
When birds of Paradise have lent
Their plumage for his wings?

Brighton—Towns of Brighton and Pittsford, whig, also Bergen

A VICTORY!—Slavery, for once, has failed to play out its programme The bill supplemental to, and imbued with the spirit of the Ingalese Slave Law, fell, still born into the hands of its Senatorial *accoucheurs* We do not find that it even reached the House Or, if it did, the hitherto humble serfs of the slave power dared not call it up. This is indeed, a victory over which freemen may rejoice

But it was a victory fought for, and practically achieved by the nine Senators who met it and denounced it on the threshold If they had exhibited less courage or been less fearless in their denunciations of the measure, it would have been called up, and perhaps, crowded through the House of Representatives That struggle in the Senate demonstrated the hopelessness of success in the House

We hail this first victory of freedom over slavery, as a harbinger of future triumphs During the fifty years that the South has ruled the government, this is the first instance in which a scheme for the aggrandizement of Oppression has been initiated and abandoned There is virtue in public opinion, and power in a fearless autonomy

This *attempt* to pass a bill which embodied an insult to every free State in the Union by ignoring the integrity of its judiciary, furnishes additional evidence of the necessity of "eternal vigilance" on the part of the people to prevent the entire prostration of State rights, and the concentration of despotic power in the hands of the general government.—[All Eve Journal

HARD TIMES IN THE WESTERN RESERVE.—We have seen several accounts of there being great lack of provender in the Western Reserve of Ohio, but had no idea that there was such a want of fodder for cattle as the following abstract from a letter from Ethen Allen of Twinsburgh to J C Holmes Esq of this city, shows. He says:

In my last I wrote to you that we were short of fodder The snow and cold weather have continued and snow lies fair to remain for weeks to come Thousands of cattle, horses and sheep are now starving on the Western Reserve Many have already died for want of food, and it really looks as though more than one half that are now alive must die before grass grows Hay cannot be got The country is too much clear to browse Corn has been used freely by many but is now so rice and difficult to get.—[Detroit Inquirer, March 7

☞ Three children of Mrs Brown, residing in Pine street St Louis, Missouri, by a most remarkable coincidence were scrofulously inclined, the eldest, (Jane) most particularly so, and the mother finding no help to be the case, did all in her power to relieve the sufferer, but in vain, she became worse, the blood of the others was equally impure, and they all three were so bad at last, as to become quite an object of horror to their friends The mother, about eight weeks ago put them through a course of Holloway's Pills and Ointment, and strange yet true it is, that their blood became thoroughly purified, and the scrofulous symptoms disappeared They are now all three in excellent health to the mother's delight and of their affectionate parents

Mustang Liniment and the Ladies.

In our opinion, nothing is above the comprehension of woman, and with less prejudice, more liberality, and much keener perception than man, when a new idea is presented, a new doctrine taught, or a new fact asserted, she grasps it at *once*, and with *the rapidity* and *clearness* almost of instinct, decides upon its merits or truthfulness, and if her decision be favorable also enthusiastically advocates and supports it. Thus the common saying has obtained—"Once get the women on your side and you are safe," and we are happy to state that we have the ladies all in favor of the *Mustang Liniment* They have tried it for Caked Breasts, Sore Nipples, Sores Chafes, and Burns on Children, as well as for Croup and Mumps—Also, for Corns, Tooth aches, pains in the limbs and joints, sore eyes, Eruptions, Cuts and Bruises, and they have always found it effectual—and they go about like angels as they are, proclaiming it to their friends and to all they see or hear to [of, who are suffering We have daily calls for it by persons who say such and such ladies recommended them to try it Go on ladies in your good Samaritan work, and thousands will bless you for your timely advice

THE LIQUOR LAW.—An important amendment was adopted on Saturday, excepting beer wine and cider of Wisconsin manufacture sold in quantities not less than eight gallons, from the operation of the Prohibitory Liquor Law. The amendment was put in by the friends of the bill and it is thought that the Assembly will not

MR. MINISTER TO SPAIN.—The Fond du Lac Union asserts that AUGUSTUS CAESAR DODGE' appointment as Minister to Spain "meets with almost the universal approbation of the Democracy throughout the country," and charges the Democrats and editors of the Milwaukee *Sentinel & Free Democrat* and other papers of that ilk" to either ignorance or malevolence." It is a sufficient reply that the ably Editor of the Madison *Le Grand Wisconsin Phalanstaire*, Oshkosh *Democrat* and other "democratic" papers in this State of late have made peculiar sneers at the *Union* for not having left it quite as many "sweets and spoils" as it has appointment as the *Sentinel & Argus* has. The *Union* of course, knew this perfectly well but it would have spoilt its magnificent hatred of Jim Polk

THE FRENCH PLOTS.—The Washington correspondents of the New York papers were wrong, at least in their statement, that the President had positively and thoroughly decided, the bill for the improvement of the Sault Ste Marie and the St. Mary's River Michigan. That bill is included in the list of bills passed at the late Session as published in the N. Y. *Times* and *Commercial*, and the *Express* asserts positively that it has received the President's signature. The North West therefore receives the amount of $15 000 for the first Plate out of the Sixty-five Millions, distributed by the late Congress

The Documentary History.

The Madison *Patriot*, a democratic paper, calls attention to the extraordinary feature of the Documentary History now in course of publication by the Secretary which we advertised on Saturday and after noticing the introduction of matter not to the purpose called "History" proceeds to say

"And such a work as this he places in the hands of the Librarian of this State. Shall it be done? Shall the Legislature sanction such a perversion of public money? Shall it be done in *hiding* where it can be seen by few? If these questions are to be answered in the affirmative, let it at least be explained how fully executed."

We are free to say that, in our judgment not one solitary dollar of the last named volume of this expensive nuisance to *decklaimed* by the State but that all of the 1,000 copies of such documents should be forthwith destroyed. The *exempli gratia* publication of these *quasi* historical records has already involved the State to the amount of between $15 000 and $20 000, and we have found as yet, to discover any benefit arising from it. Then one
